San Carlos Apache College

Summer 2022

Online

No Book Required - Selected Texts

Course Description:

This course is a survey of the history of the Apache people, with an emphasis on the San Carlos Apache Tribe, from around 1830 to the present. It includes the development of the reservation and the political structure. It emphasizes the impact of historical events on the current social, economic, environmental, physical and cultural well-being of Apache people

Course Objectives:

- Learn the important issues and implications of specific points in history that allowed for the development of the San Carlos Apache entity.
- Examine primary documents that formally and politically created the San Carlos Apache tribe.
- Analyze the perceptions of Apache peoples in the twentieth century
- Display the unique government-to-government relationship with the federal government of the United States.

Student Learning Outcomes:

After completion of the course, students will...

- demonstrate knowledge about Apache history and/or culture as it relates to their communities.
- examine the impact of Apache history on their districts and community government
- identify key Apache words for historical places and events
- explain how historical circumstances have influenced contemporary issues for Apaches
- value their unique history and culture

Resources for Students with Disabilities

SCAC will make every effort 1) to ensure that qualified individuals with a disability are provided reasonable accommodation; and 2) to promote respect for the dignity and equal treatment of individuals with disabilities.

Student requests for accommodation due to disability are processed through the Academic Affairs Office. An authorized employee will provide intake assistance, determine eligibility based on appropriate documentation, plan for student services, notify faculty about accommodation(s), and monitor student accommodations.

Library

Over time, SCAC will build its own library resources, but while we are considered a site of TOCC, many of their library services are available to SCAC students. The TOCC Library provides information resources and services to SCAC and TOCC students, faculty and staff, and to the Tohono O'odham Nation community. The friendly and knowledgeable Library staff is available to answer reference questions; to help patrons select electronic and print research resources; to offer reader guidance; and to provide workshops or individual tutoring in library orientation, library

research skills, and in using print, electronic and multimedia materials and equipment. The Library catalog is available online at <http://youseemore.com/TOCC/>.

Student Rights and Responsibilities

All students at SCAC are considered responsible adults and are accountable for their own personal behavior regardless of age. SCAC expects students to represent the College in a professional manner at all times. Moreover, pursuing an education requires individual integrity, respectful cooperation, and serious dedication to one's own growth and training.

Important Remarks:

THIS IS A READING AND WRITING INTENSIVE COURSE. Do not assume that you will be able to cruise through this class without doing the reading, discussions, quizzes, and other assignments. Because of the nature of this class, online, it is imperative that you receive the necessary information electronically. That being said, if you are going to have a problem completing these assignments or do not have the appropriate tools to be successful in this class, please notify me ***IMMEDIATELY***. Do not wait until the last minute.

Attendance:

Attendance will not be administered throughout the course, however, the first week of class is the only exception. During Week 1 you will be required to post on the “**Introductions**” discussion board on Canvas under the “**Introductions**” **Module**. This will count as your attendance and understanding that you have examined the course and syllabus, acknowledging your responsibilities in attending this course online. ***IF STUDENTS DO NOT POST IN THIS SECTION YOU WILL BE ADMINISTRATIVELY WITHDRAWN FROM THE COURSE!*** This policy will continue for the remainder of the course with the instructor reserving the right to withdraw students from the course as a result of consistent inactivity, inappropriate behavior, or other reasons deemed reasonable, following San Carlos Apache College policy as explained in the student handbook.

Discussions and Required Readings:

Weekly discussion prompts are designed for students to interact with peers by providing an individualized analysis and opinion of specific readings for each given week. The selected readings are available on Canvas. Students will be required to submit an individual post on the appropriate discussion board for each week's lesson and respond to at least ***two*** peers for each of the discussion assignments. The first post (initial post) will be due every ***FRIDAY*** and replies to peers by ***SUNDAY***. Pay attention to the due dates and calendar dates for your assignments. You may be required to do additional research in order to complete the discussion assignment, so be prepared. Pay attention to the instructions posted on the discussion board.

Initial Post Response	10 pts
1 st Peer Response	5 pts
2 nd Peer Response	5 pts
TOTAL POINTS:	20 points

Quizzes and Exams:

The class is structured to include six “weekly” quizzes, a Midterm, and Final Exam. Weekly quizzes will be objective comprehensive tests worth 20 points each (10 questions, 2 points each) that will encompass material from each respective week. Weekly quizzes will not be administered the week prior to both the

Midterm and Final exams, however, the information from those weeks will be included in the Midterm or Final exams. Discussions, assignments, and lectures are all areas of relevance for quizzes and exams. The Midterm and Final will pertain only to the first and second half of the semester. The Final Exam will be conducted the last week of the semester and will **NOT BE CUMULATIVE**. The format of both the Midterm and Final Exam are similar in design, which may incorporate analyses and descriptions of key terms and examinations of specific historical events in an **ESSAY FORMAT**.

Prospectus and Research Paper:

Papers will be submitted to **TURNITIN**, a **PLAGIARISM** software that will check submitted papers for any copied or plagiarized material, through Canvas. The first paper of the semester will be a short two-page prospectus essay that requires students to choose a special topic in Apache History by analyzing the first few weeks of readings and discussions and use them as evidentiary support in choosing the final paper topic. The Research Paper continues the research from the prospectus with an addition of source material that culminates in a 2,000-word essay that will be a much more intensive analysis of the various changes over time related to the interconnections between Apachean and Euro-American history. Papers will be written in Chicago Style formatting with a bibliography.

Grades:

Grading for each of these assignments will have a turnaround time of one-week at maximum. It is imperative that you do every reading and discussion in order to be successful. Each assignment will have the following point designation:

Intro/Attendance Post	20
Discussion Posts	160
Weekly Quizzes	120
Paper Outline:	20
Midterm Exam	100
Final Paper:	80
Final Exam:	100
TOTAL POINTS:	600

Late Policy:

Assignments will remain open for the duration of the course, however, should you submit an assignment after the due date, it will be penalized 50%. You may receive full credit for a late assignment with a valid excuse. If there is a problem and you are unable to turn in an assignment on-time, **PLEASE NOTIFY ME IMMEDIATELY!** I am very easy to work with, but do not take my kindness for granted! If you do not have a plausible excuse, or don't have one, you will be subject to the penalty.

Extra Credit:

Throughout the semester, the instructor reserves the right to accept and distribute extra credit on an as needed basis. 3 options will be made available with specified instructions listed in the respective module. This will include a 1-page analysis of the video and its connection to the overall history of the Apache people, in other words, how does this represent Apache History?
